Your journey begins with a scenic 4WD drive through the rugged landscapes of northern Oman. The first stop is Birkat Al Mouz, a historic village known for its falaj irrigation system and date plantations. Walk through the ruins and admire the blend of natural beauty and traditional Omani architecture.

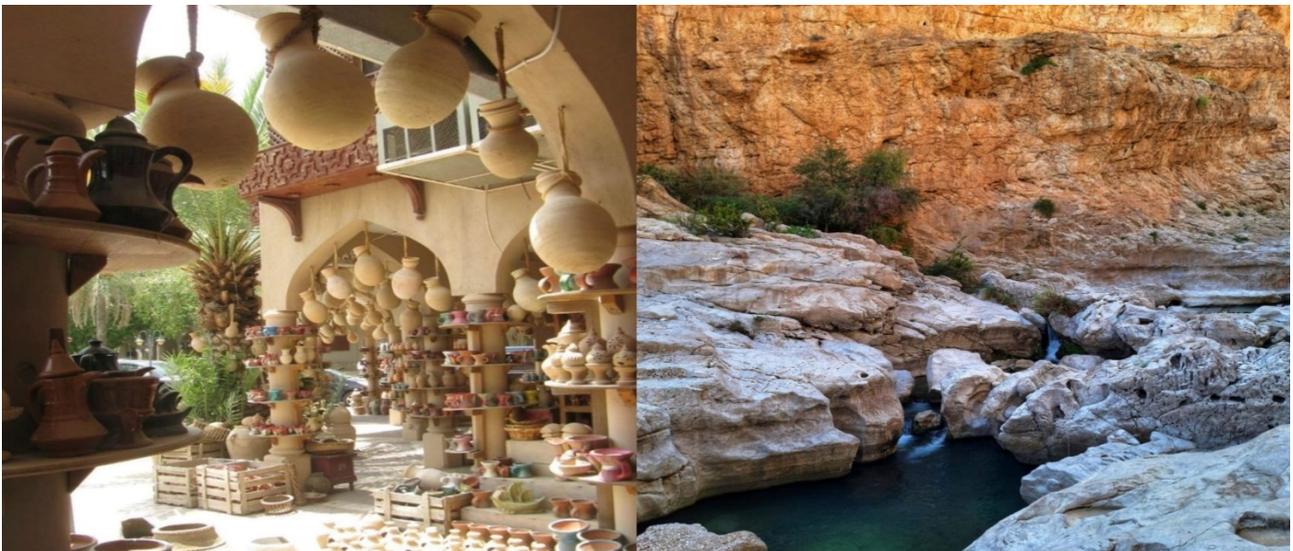

From here, the road climbs dramatically into the mountains. Once at the top, you'll reach the Saiq Plateau (around 2,000 meters above sea level), where temperatures drop and the air is refreshingly crisp. This fertile plateau is famous for its terraced farms, where roses, pomegranates, apricots, and walnuts are grown. During the rose bloom season (March-May), the area is blanketed in pink, and the fragrance of traditional rosewater distilleries fills the air.

Enjoy a walk through Wadi Bani Habib, a picturesque valley dotted with abandoned mud-brick villages, old pathways, and lush groves. Learn about the mountain life of the tribes who once called these cliffs home.

Several panoramic viewpoints offer breathtaking vistas of deep canyons, rugged cliffs, and green valleys below perfect for photography or just soaking in the peaceful atmosphere. Return back to Muscat with fond memories Later in the evening we embark you in the deluxe air conditioned coach and take you all out for a buffet dinner.
